## TESTIMONIAL

### SUSSEX BRICKWORK AND PLASTERING

A client who is building an extension to his artist's studio, which is situated in a former Victorian coach house, needed a bricklayer. I recommended Carmine Di Paolo of Sussex Brickwork and Plastering.

Carmine worked with my client and very quickly proved to be an asset, assisting with foundations and floor slab as well as building walls and piers. He has been very flexible, fitted in with my client's rather erratic programme of work and often working at weekends and bank holidays, to be of assistance to the employer.

Carmine is happy working along side people doing a DIY build and is enthusiastic and hard working and goes out of his way to be flexible. My client has been very pleased with the work he has carried out.

I am pleased to recommend Carmine Di Paolo of Sussex Brickwork and Plastering and have done so recently.
