TESTIMONIAL

SUSSEX BRICKWORK AND PLASTERING

I recommended Sussex Brickwork and Plastering to a neighbour, who had a badly cracked retaining wall along his front boundaries, where rendering was falling away. The work was undertaken by Carmine Di Paolo, who 'stitched' the cracks using resin bonded stainless steel reinforcing bars and re-rendered parts of the wall to match existing.

He also demolished and rebuilt about 4 metres of retaining wall along side the steps and path to the side door, which was carried out in facing brickwork.

I was very impressed with the skill with which the work was undertaken and my neighbours are delighted with the result.

We were not the only ones to be impressed by his work, many people who were passing by, asked for his business card and I am sure that he will get much more work from it.

I have no hesitation in recommending Sussex Brickwork and Plastering.

Signed

R. D. Stokes
