

**THE  
UTILITY  
WAREHOUSE**

Authorised  
Distributor

23<sup>rd</sup> October 2014

As an Authorised Distributor for the Utility Warehouse I pride myself on helping people save money on their shopping and household utilities and help answer any questions that may arise not only during the switching process but afterwards too.

As someone who conducts his business face to face with new customers and only being a phone call away should they need me, it was important to me to find someone who does business the same way, which is why I contacted Carmine Di Paolo at Sussex Brickwork and Plastering when I needed some work on my house done.

Carmine dropped round on the day I called him, explained what needed to be done and gave me a price. With his policy of not wasting materials he also did some repairs a wall that I have and with him working on a Sunday, the work was completed within a few days of his initial visit.

I am one very happy customer and would have no hesitation in recommending Sussex Brickwork and Plastering to my customers or friends as I know he'll do great job.

Thanks Carmine your star.
